◆ SOUNDWAVE INSTRUCTIONS ◆

Wear your wedding vows, record you baby's heartbeat, celebrate special words of a loved one, even your own singing voice. The possibilities are endless.

Unique & personal ◆

The Soundwave Personalised Ring makes a tremendous and unique keepsake of your wedding vows, first dance, favourite lyrics, even your heart beat. The sound can be of anything you like, spoken word, a child's first words even your dog's woof!

This beautiful ring captures the unique soundwave, which can be easily recorded on your phone, and engraved onto your ring.

Sending your recording ◆

Most mobile phones can record sound through the microphone. When recording your message you should be in a quiet place with no background noise. Please listen to your recording and make sure you are happy with how it sounds before emailing it to us at sales@avaueneandco.co.uk

Your unique Soundwave will be beautifully engraved around the ring.
